

WELLTM Building Standard

WELL^Σ BUILDING STANDARD

The following copy can be used to accurately describe SkyBlue™ Generation 2 contributions toward the WELL™ Building Standard.

BIOS SkyBlue™ Generation 2 LED circadian solutions contributes to satisfying Circadian Lighting Design Feature 54 under the WELL Building Standard v1 and Feature L03 under the Well Building Standard v2. BIOS SkyBlue also meets other features within the WELL Light Concept, including coloring quality offering 81+ CRI and R9 values greater than 90, visual comfort metrics, and higher m/p ratios than traditional LED lighting.
